

PC-15000S Walk Through Metal Detector

LCD screen

High-strength plastic beam easy installation

Aviation plugs

Advantages of this walk through metal detector: high sensitivity; anti- interfere; multi detection zones; adjust sensitivity of each zone individually; self diagoptionalstic, high-strength materials, fireproof, anti-corrosion, shockproof; real-time environment interfere monitor.

Advanced features

- ★ **Multi-zone technology: 33 detection zones, adjust sensitivity of each zone individually.**
- ★ LCD screen, easy to operate and understand.
- ★ Mobile connection technology: realize mobile APP remote control (optional).
- ★ IP Grade: IP55 superior waterproof performance.
- ★ Self calibration once power on.
- ★ Self diagnostic, it will inform the user when exit the system.
- ★ Start-stop technology: infrared devices with automatic start-stop technology.
- ★ Adjust the alarm sounds arbitrarily.
- ★ Adjust the working frequency automatically or manually.
- ★ Detection Technology: Even detection technology, optional blind spot.
- ★ **Professional detection process: built in multi different detection occasions (providing upgrade services).**
- ★ Working frequency: 100 working frequency.
- ★ **Detection sensitivity of each zone: From 0 to 355 level.**
- ★ Multi-alarm sounds to choose-to fit different applications.
- ★ Counter: Record the pass and alarm numbers.
- ★ Query function: The system has real-time information query function.
- ★ Intelligent Standby: The system has intelligent standby operation alerts.
- ★ Working Standby: 16 high-brightness LED indicator on.
- ★ Detection speed: more than 60 people pass and detect in 1 minute.
